Hi, my name is Drake AuClaire, and I am a full time student at Westminster University in Salt Lake City, UT. I am a Computer Science major working towards my bachelors while working part time at Craft Cultivate as a food runner. I enjoy snowboarding, working out, spending time with family and basketball more than anything. My goal is to gain as much experience in the work field before graduating with my degree.

Work Experience

Food Runner

Cultivate Craft Kitchen - Draper, UT
February 2023 to Present

I garnish the dishes as they come out and bring the finished plates to the tables. I help around putting dishes back on the shelves, attend to any customers, polish glasses, clean, and work alongside the executive chef in the kitchen.

Education
